Re: Archway construction – Meridian High Football Stadium

To Whom It May Concern:

The Meridian High Booster parents would like to begin construction on a new archway entrance to the football stadium at Meridian High School. In accordance with Hummel Architects, and meeting required specifications and guidelines, the booster club would like to begin this project on July 15th and finish by August 15th. The funding from this project will come through fundraising projects (selling advertisement on pavers, bricks, and face plates on the archway) and donated labor from the boosters, coaches, and community members.

Sincerely,

Geoff Stands – Principal Meridian High

Wayne Hanners – Maintenance Director of Operations

Rod Bird –Booster Committee
