To whom it may concern

The purpose of this letter is to officially inform the District that I am tendering my resignation to take effect as of the **end of semester one 2007**, January 19, due to family circumstances. If the position can't be filled by that time I could stay on a couple more weeks.

I have enjoyed my time here, and my resignation no way reflects negative feelings about the school or the district. In fact I leave with mixed feelings!

Yours truly,
