I would like to request a change in my status as teacher for the spring semester, 2006-2007, at Meridian High School.

I am presently a full time German teacher at Meridian High School. For personal reasons and with some attention to changes in student load in German, I would like to drop one of my classes and consolidate the students into five, rather than six, classes of German. This will mean that I will be working at 83% time, rather than 100% as I am at the moment.

The administration at Meridian High is willing to make this change, and I think it will benefit all of us.

If the German student numbers are high in the fall of 2007-2008, I would like to be considered again for full time teaching.

Thank you.
